**Please do not hesitate to contact us if you need further assistance.**

## DECLARATIONS

'I am happy for the information provided to be shared as appropriate with staff, and student hosts as part of the interview process. This includes the following information being shared as part of a schedule for the day: name, BAP date, Diocese, age, marital status (including spouse or partner name, and children's names and ages if attending), intended pathway, current occupation, current church, overnight accommodation, meals and dietary information, and any reasonable adjustments requested.'

**Please state 'YES' or 'NO' to agree or disagree with this declaration:**

It is likely in your application that you will have provided information that is considered to be special category personal data (e.g. your religious beliefs, special dietary requirements). We are required to have your explicit consent to process this category of data.

**Do we have your consent for this? (Please state 'YES' or 'NO')**

Westcott House needs to process certain information about its employees, students and other people to allow it to monitor academic and employment history, performance, achievements, equality and diversity, and health and safety. It is also necessary to process information so that courses can be organized in conjunction with the Cambridge Theological Federation, the University of Cambridge and Anglia Ruskin University; and in order that the College can meet its obligations to sponsoring Bishops.

To comply with the law, personal information (as defined by the Data Protection Act) must be collected and used fairly, stored safely and not disclosed to any other person unlawfully. Some information needs to be handled with special care: details of ethnic group; religion; disability or health issues; political beliefs, are all examples of what the Data Protection legislation describes as Sensitive Data. Sensitive Data is subject to special legal constraints. The College must comply with the Data Protection principles which are set out in the Data Protection Act 1998. In summary, these state that personal data shall:

Be obtained and processed fairly and lawfully and shall not be processed unless certain conditions are met.

Be obtained for a specific and lawful purpose and shall not be processed in any manner incompatible with that purpose.

Be adequate, relevant and not excessive for those purposes.

Be accurate and kept up to date.

Not be kept for longer than is necessary for that purpose.

Be processed in accordance with the data subject's rights.

Be kept safe from unauthorized access, accidental loss or destruction.

Not be transferred to a country outside the European Economic Area, unless that country has equivalent levels of protection for personal data.

The College or members of the College or others who process or use any personal information must ensure that they follow these principles at all times.
